Answers to be crossed out in black

The image displays a 40x40 grid, likely representing a sparse matrix. The grid is composed of 40 rows and 40 columns. The rows are numbered 1 through 40 on the left side. The grid is filled with black squares, indicating non-zero entries, and white squares, indicating zero entries. The pattern of non-zero entries is sparse and irregular, scattered across the entire grid. There are no discernible patterns or structures in the distribution of the non-zero entries.
